- 10.** [REDACTED]
- 11. Email Address:** bakels@nzbakels.co.nz
- 12. Submission Text:** The proposed change would incur significant cost to industry . We alone manufacture a wide range of products listing Antioxidant 306 in the ingredient declaration on pre printed packaging. To change the packaging printing plates to reflect any change in the INS number would result significant cost to our and other buisness interests with the same issue. In general Tocopherol is a very minor ingredient present and may infact be naturaly present in other foods. The propesed change in the INS number has little to no benefit to the consumer and would only result in significant cost to Industry.
