Subject: Submission - Proposal P1022

Dear Sir/Ms,

I would like to submit a plea for the RIGHT TO CHOOSE to purchase Raw Milk and its products in the free and democratic country of Australia.

Currently, Australia - Scotland - and Canada are the only 3 countries in the WORLD, where consumers don't have the legal right to buy raw milk. In New Zealand, you can buy up to 5 litres at a time directly from the farmer.

I wish to carry out my democratic right to purchase and consume raw milk legally if it is my choice to do so.

Regards,

Anita Bedwell
