Administrative Assessment Report – Proposal P1033

Code Maintenance XII

Brief Description of Proposal: to make minor amendments including the correction of typographical errors, inconsistencies and formatting issues and updating of references.		Potentially affected Standards: Various standards
Procedure: General	Estimated total hours: Max 350 hours Reasons why: Limited or no economic impact, no need for an assessment of the risk to public health and safety.	Estimated start work: May 2014

Other Comments or Relevant Matters:

This Proposal replaces Proposal P1032. The issues covered are identical to those that were to be included in P1032. However, following consideration of the issues, a number were determined to be outside the scope of the minor procedure. As FSANZ wished to progress those issues, P1032 has been abandoned and P1033 prepared under the general procedure so that those issues can proceed.
