Dear Director,

Subject: Submission – Proposal P1035: Gluten Claims about Foods containing Alcohol

Based in Brussels, The Brewers of Europe brings together national brewers' associations from 29 European countries and provides a voice to represent the united interests of Europe's 5000+ breweries. The Brewers of Europe promotes the positive role played by beer and the brewing sector in Europe and advocates the creation of the right conditions to allow brewers to continue to freely, cost-effectively and responsibly brew and market beer across Europe.

European brewers welcome the opportunity to comment on the draft. The intent of the legislation is welcomed: continuation of dissemination of information on gluten in alcoholic beverages, valuable information to the consumer.

The Brewers of Europe remains at your disposal should you have questions on the submitted comments.

Yours sincerely,

Pierre-Olivier Bergeron
